Eco Man and the Lunchroom Lesson.

Later...

I noticed you all pack your lunches in plastic bags. Reusable lunch boxes produce less trash. And if you make your own lunch, you won't have to throw away all of those plastic containers every day either!

You see, the more you use the more you waste. So reduce, reuse and recycle! Say it with me.

Reduce. Reuse. Recycle!

Wow, you're right Eco Man! This sure is a lot of trash.

Thank you Eco Man! You're our hero!

Thanks to you, our future is in good hands!
