

Advanced Disposal (NYSE: ADSW) is a company that brings fresh ideas and solutions to the business of a clean environment. It is our people who make the difference and leave the world a cleaner, more beautiful place. We are proud to provide cost-effective and environmentally-sound solutions for waste and recycling collection, transportation, processing and disposal. But we do much more than collect garbage. We truly are an environmental services company.

We provide:

- Waste and recycling solutions for homes and businesses.
- Safe disposal facilities with state-of-the-art engineering and construction techniques to protect the Earth.
- Efficient and effective recycling processing facilities to preserve our natural resources.
- Cleaner operating trucks and equipment utilizing lower sulfur fuels, more efficient oils, and more responsible maintenance practices.
- Support to those communities we serve in particular through environmental and beautification projects and education.

Advanced Disposal has the operational expertise, management strengths, financial capabilities and commitment to quality that few companies can rival. We have operating locations in the communities we serve, so decisions can be made locally, quickly and implemented thoroughly. And we have the resources and the flexibility to get the job done, no matter what it takes.

Our success can be measured through the strong partnerships between our employees and the customers we serve. Whether our customers are municipalities, commercial businesses, construction and demolition companies, industries or individual homeowners, we look forward to creating and building our relationships by providing quality service at a fair price.
