

INDUSTRIAL-STRNGTH ENVIRONMENTAL SOLUTIONS

MANUFACTURING AND DISTRIBUTION

Manufacturers and distributors are under increasing pressure to make wise decisions about their business in order to remain competitive and profitable. How you manage and minimize your waste streams within your plant or warehouse is one of many factors that impact your operation – and your bottom line. Advanced Disposal knows that improving waste flow processes and efficiencies are important to you and your operation.

YOUR NEEDS

Turnkey environmental management

Keeping track of a wide variety of waste streams.

Waste reduction

Minimizing waste streams.

Cost reduction

Controlling your bottom line.

Compliance

Staying in line with complex, changing regulations.

Environmental and economic sustainability

Achieving economic growth while improving quality of life and the environment.

OUR SOLUTIONS

Single-source solutions

Advanced Disposal will consult on ways to manage all of your waste and recycling streams.

Meeting and exceeding expectations

Advanced Disposal cuts your environmental concerns down to size with recycling and waste diversion solutions.

Improved waste flow efficiencies

Continual site and waste stream analysis and continuous improvement metrics help keep costs in line.

Management of compliance and regulatory issues

Advanced Disposal analyzes and tracks your waste streams to ensure they are handled and disposed of properly – start to finish.

Helping you save money and the environment

Advanced Disposal provides various environmental solutions that balance your needs for environmental responsibility and a strong bottom line.

SERVICE FIRST. SAFETY ALWAYS.

It's our commitment to you. From safe and proper collection and transportation, to environmentally sound treatment and disposal, Advanced Disposal is committed to our safety and yours.

WE PROVIDE:

- Localized customer service
- Rapid approvals for industrial special waste testing and analysis
- Transportation and disposal of a broad range of nonhazardous industrial wastes
- Waste evaluations and container recommendations
- Network of compliant, permitted landfills across a multistate service footprint for environmentally safe treatment and disposal of waste

20-YARD ROLL-OFF CONTAINER

20-yard containers are used for extremely heavy materials such as dirt, rock and concrete, or smaller do-it-yourself projects.

30-YARD ROLL-OFF CONTAINER

30-yard containers are used for a mixture of materials such as wood, sheetrock and metal, and are often the size of choice for many commercial contractors.

40-YARD ROLL-OFF CONTAINER

40-yard containers are used mainly for larger, bulkier items that are not extremely heavy, such as pallets.

CONTAINER OPTIONS:

2 yard

4 yard

6 yard

8 yard

COMPACTOR:

(available in sizes from 2 to 40 yards)

COMMERCIAL SERVICE STANDARDS – OUR PROMISE TO YOU.

Delivery of New Containers

- All containers will be clean, fresh and clearly marked with company decals and phone numbers.
- Delivery will be made on the due date.
- Delivery paperwork turned in by 5 p.m. may be scheduled for next-day delivery.

Roll-Off Haul Requests

- Guaranteed next-day service; however, same-day service will be given if possible.

Extra Pickups and Overloaded Containers

- Guaranteed next-day service; however, same-day service will be given if possible.
- Driver will call the Advanced Disposal dispatch office and ask dispatch to notify the customer of an overloaded container and educate the customer regarding safe capacity levels.

Emptying Containers and Spillage

- If waste comes out of a container while it is being emptied, the driver will pick it up.

Blocked Containers

- Driver will attempt to service blocked containers by speaking to someone on-site or calling the Advanced Disposal dispatch office to notify the customer of the blocked container.

FOCUSED ON ENVIRONMENTAL INTEGRITY

Advanced Disposal is deeply committed to ensuring a clean and safe environment for our employees, our customers and our communities. When it comes to your environmental responsibility, we can give you the peace of mind you need. We limit your liability by employing qualified professionals and complying with all local, state and federal regulations. So you can be sure that your waste will be cared for in a safe and compliant manner.
