WE PROVIDE:

• Roll-off containers:
  - Construction and demolition debris
  - Recycling
• Dumpsters for the construction office and new tenants
  - Recycling
• Portable offices*
• Storage containers*
• Tents, tables and chairs*
• Temporary fencing*
• Portable toilets*
• Employee wash stations*
• And much more

*Subcontracted service

20-YARD ROLL-OFF CONTAINER
20-yard containers are used for extremely heavy materials such as dirt, rock and concrete, or smaller do-it-yourself projects.

30-YARD ROLL-OFF CONTAINER
30-yard containers are used for a mixture of materials such as wood, sheetrock and metal, and are often the size of choice for many commercial contractors.

40-YARD ROLL-OFF CONTAINER
40-yard containers are used mainly for larger, bulkier items that are not extremely heavy, such as pallets.

COMMERCIAL SERVICE STANDARDS – OUR PROMISE TO YOU.

Delivery of New Containers
• All containers will be clean, fresh and clearly marked with company decals and phone numbers.
• Delivery will be made on the due date.
• Delivery paperwork turned in by 5 p.m. may be scheduled for next-day delivery.

Roll-Off Haul Requests
• Guaranteed next-day service; however, same-day service will be given if possible.

Extra Pickups and Overloaded Containers
• Guaranteed next-day service; however, same-day service will be given if possible.
• Driver will call the Advanced Disposal dispatch office and ask dispatch to notify the customer of an overloaded container and educate the customer regarding safe capacity levels.

Blocked Containers
• Driver will attempt to service blocked containers by speaking to someone on-site or calling the Advanced Disposal dispatch office to notify the customer of the blocked container.

Emptying Containers and Spillage
• If waste comes out of a container while it is being emptied, the driver will pick it up.

FOCUSED ON ENVIRONMENTAL INTEGRITY

Advanced Disposal is deeply committed to ensuring a clean and safe environment for our employees, our customers and our communities. When it comes to your environmental responsibility, we can give you the peace of mind you need. We limit your liability by employing qualified professionals and complying with all local, state and federal regulations. So you can be sure that your waste will be cared for in a safe and compliant manner.

LEED COMPLIANCE AND RECYCLING SERVICES

Our commercial and construction services are designed to help our clients meet their recycling goals including LEED certification. Designed to reduce your operating costs and enhance your profitability, our services can also improve employee satisfaction and productivity. But from a broader perspective, we can help you protect and enhance our ecosystem, improve air and water quality, conserve natural resources and reduce solid waste.
